

# **DSMC Developer Guide**

**23 Sept 2011**

This document is a developer guide to the DSMC package, whose WWW site is at [www.sandia.gov/sjplimp/dsmc.html](http://www.sandia.gov/sjplimp/dsmc.html). It describes the internal structure and algorithms of the code. Sections will be added as we have time, and in response to requests from developers and users.

## **Contents**

<b>1</b>	<b>DSMC source files</b>	<b>2</b>
<b>2</b>	<b>Class hierarchy of DSMC</b>	<b>3</b>
<b>3</b>	<b>How a timestep works</b>	<b>4</b>

## 1 DSMC source files

## 2 Class hierarchy of DSMC

### 3 How a timestep works
